

## External Media Consent 2024-2025

### Consent for publicity through outside media outlets

Media (including radio, television, newspapers, and other print and online media) are sometimes permitted onto or invited to schools or to take photos/video or conduct interviews with students. The purpose of this is to promote public understanding of school programs, build community support for public education, and encourage student achievement.

If you do not consent to the use of your child's information for the purposes described above:

- Inform your child to avoid these situations,
- Inform your child's teacher of your wishes,
- Complete and return this form to ask the school and school district to take reasonable steps to avoid this type of publication of your child's name, image, grade, or views by outside media.

Note that school and district staff cannot control news media access, photos/videos taken by the media or others in public locations (such as field trips or off school grounds) or at school events open to the public, such as sports events, student performances, school board meetings, etc.

Should you have any questions regarding this form and consent, please contact your school administrator.

**BY CHECKING THE BOX BELOW, I GIVE MY CONSENT** for my child to participate in media interviews or to be photographed or video- taped by the media **for the purposes described above.**

This consent may be withdrawn at any time in writing, but withdrawal of consent does not require the school or school district to take any steps to withdraw publication of any previously published material. Unless withdrawn, this consent is effective immediately and lasts until September 30, 2025.
